[If you're going to DC bring a gun and plenty of ammo.](#) 🔥 🏛️ VIOLENT LEFT 🏛️ 🔥

Antifa and the BLM goons are gonna try to crash the party. Do not engage but be ready to defend yourself if necessary. The DC police is bought and paid for. They will NOT help you. Defend yourself.

Yeah. Can't carry in DC. Setup for failure.

What are they gonna do? Arrest a million (or more) people? No police force can do that. They'd need the military to pull it off. Too bad Trump needs to sign the order and he'll be too busy giving a speech

Are you prepared to free hostages taken by tyrannical enforcers who follow laws repugnant to the constitution?

Don't be alone, then. Metro PD will pounce on anyone not in a HUGE group.

Have a lawyer's number saved in your wallet (not your phone). Shit might go sideways while you're breaking DC's unconstitutional gun bans.

That's illegal in DC however I'm sure Civil War isn't legal either. Be prepared.

If only we had some amendment to our Constitution that protected us from government intervention in our right to bear arms.

...and if arrested you will be prosecuted mercilessly by DC courts for illegal possession of both.

Also, stun guns are pretty useful. If you know basic electronics you can pull the resistor out and rewire it to increase the power output. You only get a few shots per battery that way, but it'll knock someone on their ass.

A disposable camera flash can also be made into a diy stun gun if you're broke. Super easy. Just take the flash section with the battery out, clip the wires to the flash. Charge the flash and touch the wires to someone and pow!

Make sure you also dress in protective gear. Dress like antifa but wear american flags or something.

Antifa likes to throw liquids, shoot fireworks, pepper spray is popular on both sides so you gotta be ready.

Weather is going to be cold.

If you wear glasses remember that anti-fog spray.

Body armor would not be overkill.
